- Bag keeps everything secure & organized
- Features roomy pockets & rugged design
- Perfect for school programs & players building their first professional setup

## BlocKnock™

Grover Pro, is proud to announce the relaunch of the BlocKnock™, an innovative accessory designed to expand the versatility and playability of wood blocks. Originally introduced in 2014, the BlocKnock™ is now back and ready to provide percussionists with an indispensable tool for modern performance demands.

The BlocKnock™ allows musicians to produce the traditional woody “crack” of a wood block using either a hand or mallet, offering unparalleled flexibility for players across a wide range of musical contexts. This tool is a game-changer for percussionists required to switch instruments rapidly, as well as for show players in pit orchestras and hand drummers looking for enhanced sound options. It quickly and easily attaches securely to any Grover Pro wood block and can be removed effortlessly when not in use. Crafted from durable coated spring steel and hardwood, it features a specialized striking face to ensure consistent, high-quality sound production across all wood block sizes.

## Protégé™ Triangles & Triangle Kits

Protégé™ Triangle kits are available as a 6” or 8” kit & include a Triangle Beater & Clip. Protégé™ Triangles offer outstanding sound quality & versatility. They are made from premium steel & resist to corrosion, while preserving the natural overtone spectrum for a shimmering, dynamic tone. The 6” model delivers versatile sound with clear, bright tone suited for general use. The 8” triangle offers greater projection & body, ideal for applications requiring a bolder, fuller sound. Both sizes produce a consistent overtone spectrum across their entire dynamic range. Triangles are also sold individually

## Protégé™ Triangle Beater

The Protégé™ Beater offers outstanding quality. Crafted from stainless steel alloy, the beater minimizes contact noise while producing rich, articulate sound. Its extra-long 8.9” length and 7/32” diameter make it perfect for executing intricate rhythms and rolls with ease, while the Easy Grip handle ensures comfort during extended performances.

## Protégé™ Triangle Clip

The Protégé™ clip is molded from impact-resistant plastic & features a single nodal suspension cord. The clip is sturdy, durable & economical.
